

Fall Education Session

Women & PD

How Parkinson's Disease Impacts Women

Thursday, October 4

10:00 a.m. – 2:00 p.m.

Shoreview Community Center

4580 Victoria St. N Shoreview, MN 55126

Historically, Parkinson's care has been based on research that has focused too narrowly on men or neglected to consider relevant gender differences.

Join us to learn about the risk factors for developing Parkinson's and common symptoms women present with throughout their progression. Hear recommended treatment options for woman and the differences in treatment between men and women with Parkinson's disease.

Education session is free to attend. Lunch is provided.

Dr. Eleanor Orehek

Noran Neurological Clinic

Susan Vold

Clinical Program Manager: DBS Movement Disorder
Nurse Care Coordinator,
MHealth Clinics and Surgery Center
